Bakersfield, CA – On Wednesday, August 26, 2009, Congressman McCarthy will hold a Health Care Town Hall Meeting to listen to local residents concerns and answer questions regarding the current health care debate in Congress.

"As Congress deliberates the future of America's health care, I want to listen to our local residents concerns and answer their questions. I am fighting to keep families in control of decisions, not bureaucrats. That is why I support fiscally responsible health care solutions that focus on increasing affordability, accessibility, and jobs, and also protecting individuals, small businesses, and families."
